WE CREATE YOUR GRAPHICS

In complete harmony with your image, we will design for you the finest and most unique decorative packaging (box, stamping, label) according to your graphic standards, colors, and logo.

QUALITY IS OUR MOTO

OUR COMMITMENTS

At least 8 craftsmen will contribute to the development of your perfume: perfumer, glassmaker, packaging designer, printer, ...

Each one is selected for its own and special knowledge and experience, each production step is carefully controlled.

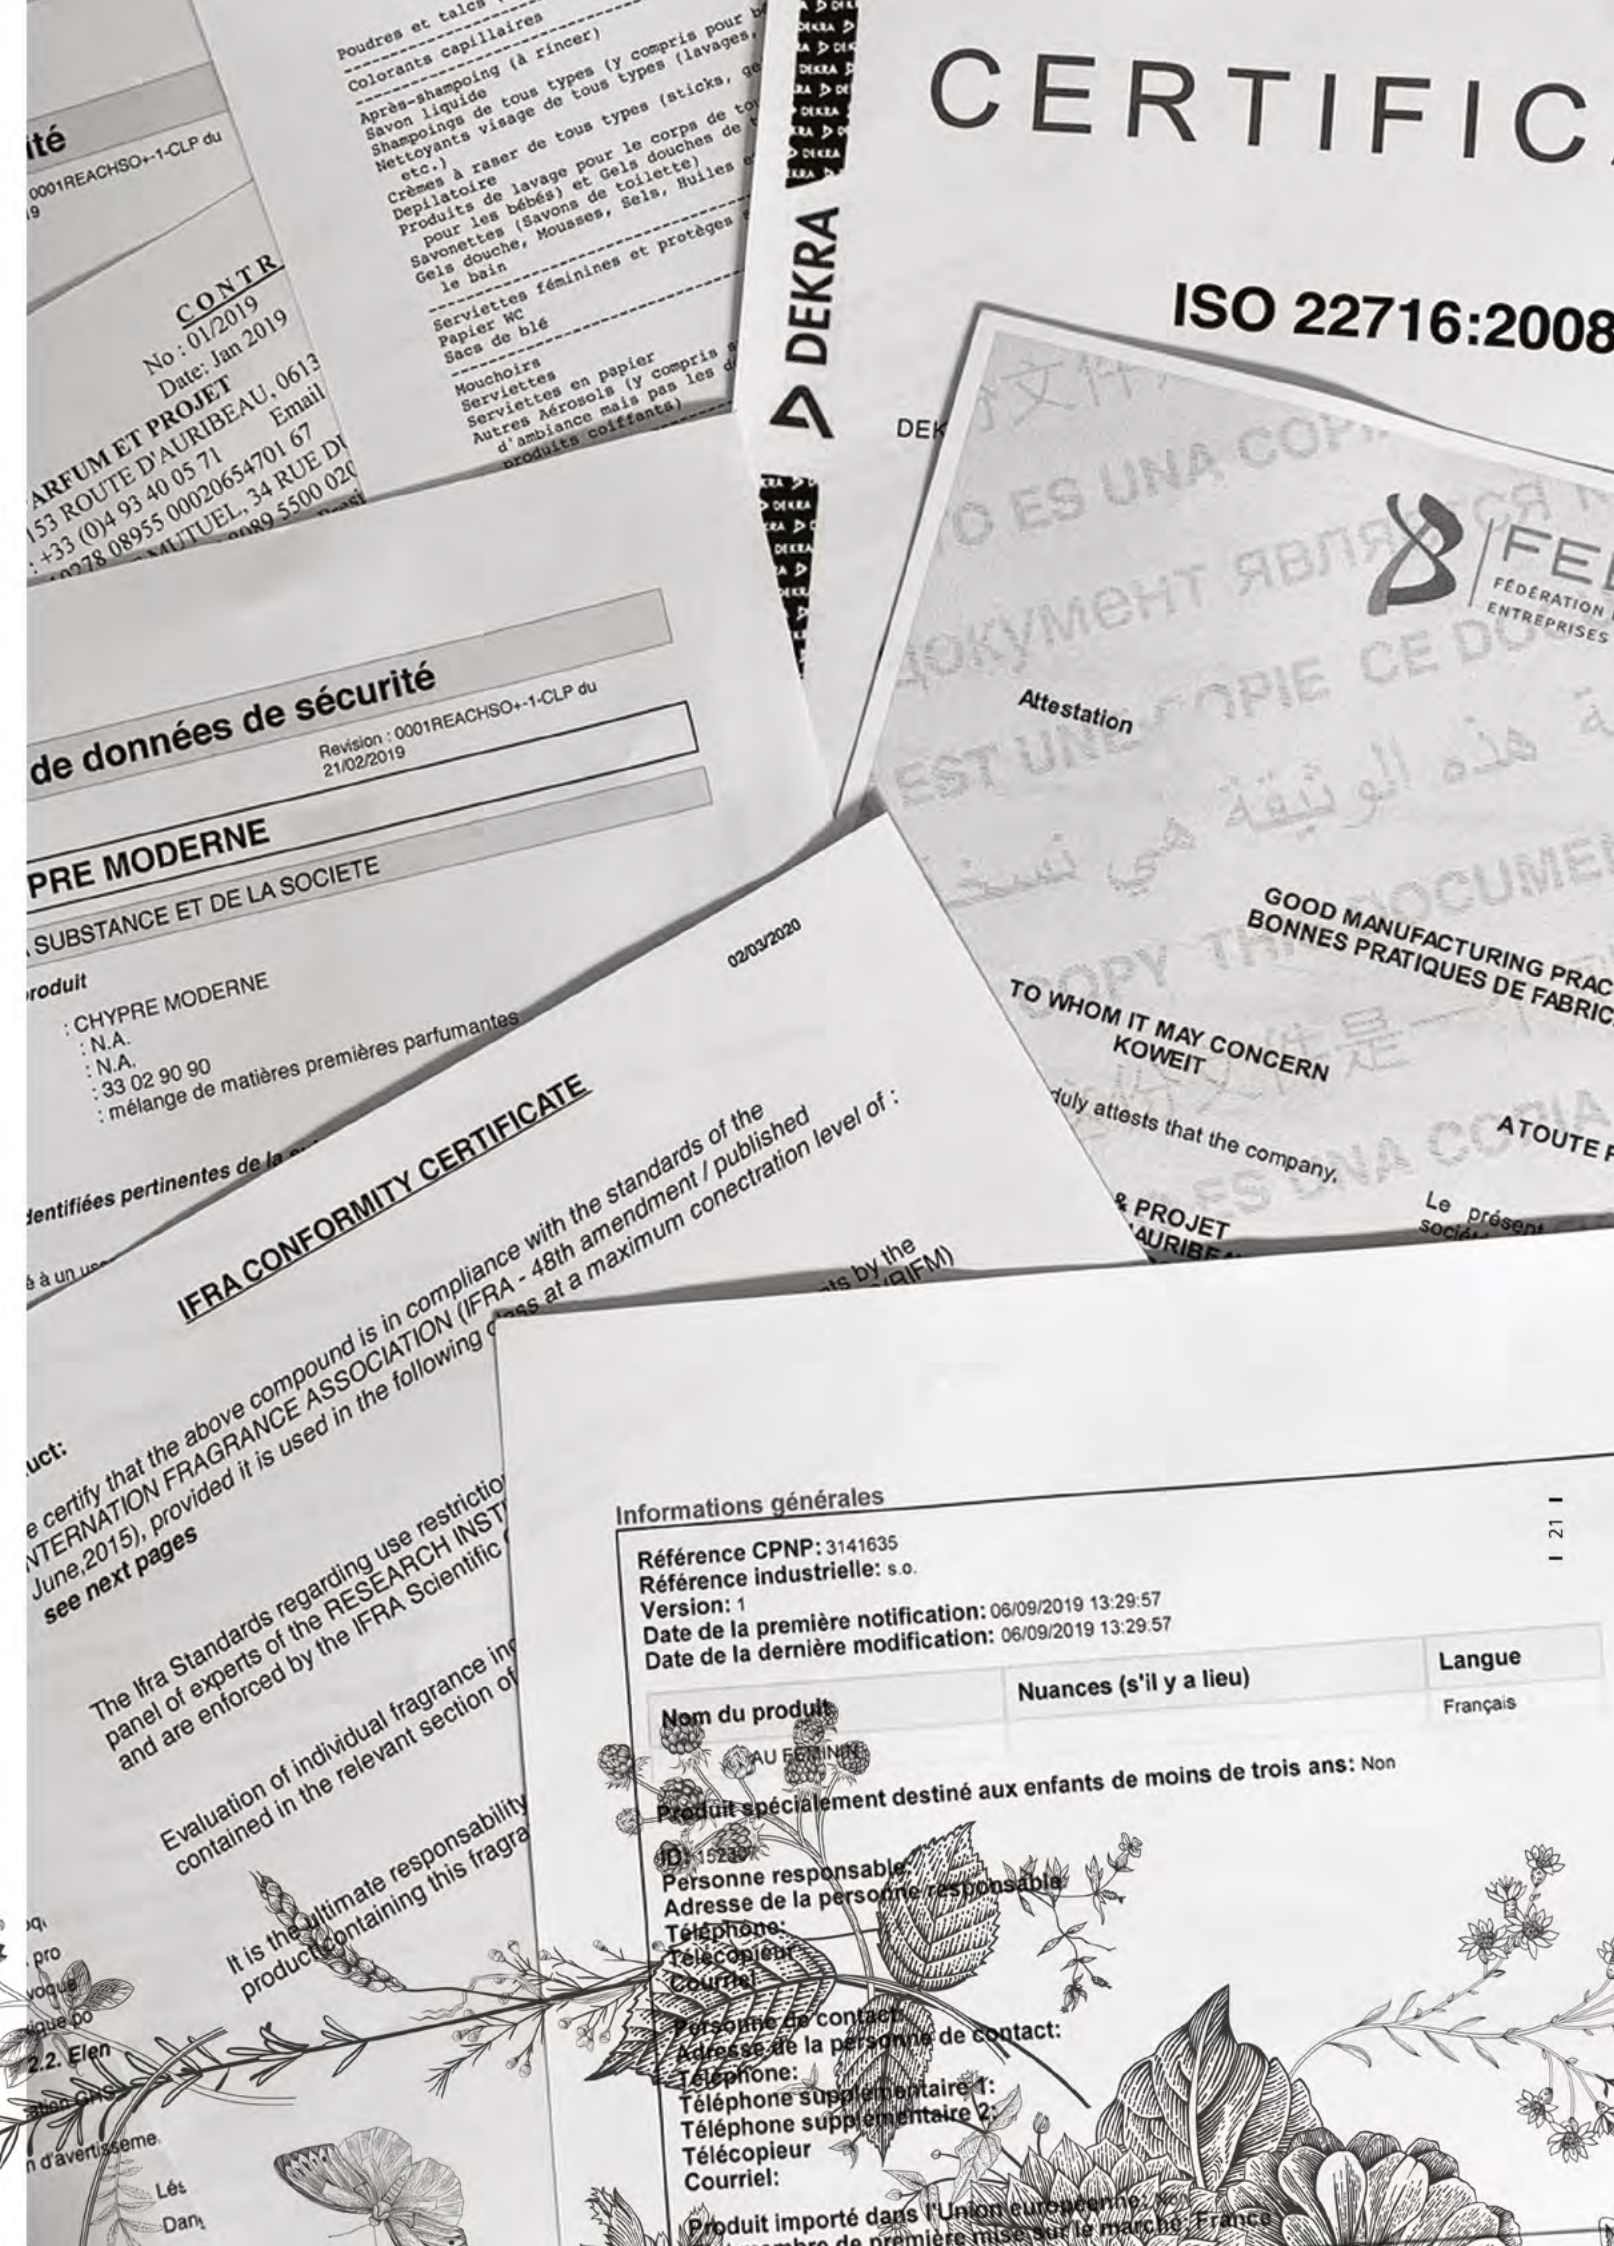

You will receive a ready-to-sell perfume complying with the relevant European legislation IFRA + European Cosmetic Regulation 1223/2009.

Reminders of the content of the European Cosmetics Regulation:

- Fulfill to the Good Manufacturing Practices ISO 22716 (GMP)
- Indicate the Best before date on the bottle and the box for full traceability of the finished product
 - No testing on animals
 - Free from animal products
- No CMR substances, parabens, phtalates, PEG, silicon, phenoxyethanol

Your product respects the environment and the people at best

- Fully Made in France
- Imprim'vert complying boxes, recyclables (registration in option)
 - Favors recycled packaging material
 - Inclusive philosophy and welfare: some steps of the production are conducted by a French non-profit organization that helps people with disabilities to go back to work (ESAT)

THE COMPANY

Located in Grasse, the heart of the French perfumery industry, Parfum & Projet has access to the main suppliers and vendors of the industry.

Claudine Roublot, founder of Parfum & Projet, believes the creation of unique perfumes should be a process within the reach of all who desire it.

Her experience in the fragrance industry has spanned more than 15 years, working with some of the finest and most respected brands in the world. Parfumerie Fragonard, Diptyque, Ladurée, Raffles Hotels, All Nippon Airways, Le Printemps, Anthropologie, Marks & Spencer, are but a few of the clients that benefited from her olfactory marketing experience and allow her to lend her knowledge and skills to companies seeking to create their own signature fragrances.

Just like an architect, she selects the finest craftsmen and coordinates their skills to create high-quality, finished fragrance products that meet the standards and identity of each customer.
